I. Orginalarbeiten

German CABG-Score: a specific risk model for patients undergoing isolated coronary artery bypass grafting; Thorac Cardiovasc Surg.

Cardiac surgery in Germany during 2011: a report on behalf of the German Society for Thoracic and Cardiovascular Surgery.

Masseli F, Wilhelm K, Probst C, Schiller W.
Open antegrade aortic stent implantation after surgical treatment in type A aortic dissection.

Masseli FJ, Schiller W. Reply to the editor.

Gummert JF, Funkat AK, Beckmann A, Ernst M, Hekmat K, Beyersdorf F, Schiller W.
Cardiac surgery in Germany during 2010: a report on behalf of the German Society for Thoracic and Cardiovascular Surgery.

Implantation of left ventricular epicardial leads in cardiosurgical patients with impaired cardiac function--a worthwhile procedure in concomitant surgical interventions?

Gummert JF, Funkat A, Beckmann A, Schiller W, Hekmat K, Ernst M, Beyersdorf F.
Cardiac surgery in Germany during 2009. A report on behalf of the German Society for Thoracic and Cardiovascular Surgery.

**II. Fallberichte (10)**

Hammerstingl C, Nickenig G, Endlich M, Mellert F, Schiller W.
Treatment of a severely degenerated mitral valve bioprosthesis with simultaneous transapical paravalvular leak closure and valve-in-valve implantation.

Mellert F, Breuer J, Probst C, Welz A, Schiller W.
Combined transapical aortic valve replacement and minimally invasive direct coronary bypass grafting--a new concept for selected high-risk patients.

Gerhards HM, Flacke S, Schiller W.
Artery of Adamkiewicz-sparing endovascular stent placement.

Second-generation Amplatzer Vascular Plug (AVP) for the treatment of subsequent subclavian backflow type II endoleak after TEVAR.

Mellert F, Schiller W, Yueruektuemen A, Preussse CJ, Welz A.
A rare case of skin cancer above a subcutaneously implanted pacemaker: implications for future implants.

Probst C, Schiller W, Welz A, Kovacs A.
Intimal flap movement in aortic Stanford type-A dissection visualized by 64-slice computed tomography.
