„Mayo Clinic Visit to the University Hospital Bonn“

Multi-Organ Manifestations of Rheumatologic Diseases

Giant Cell Arteritis and other Rheumatologic Diseases with Multi-Organ Manifestations

October 10 – 11, 2025

University Hospital Bonn
Venusberg-Campus 1
53127 Bonn
Germany

Welcome to the Mayo Clinic Visit at the University Hospital Bonn!

We are thrilled to invite you to the upcoming congress on Multi-Organ Manifestations of Rheumatologic Diseases, featuring a special focus on Giant Cell Arteritis and other key conditions. This unique event will bring together experts from the Mayo Clinic and the University Hospital Bonn, fostering an exchange of knowledge and insights on the latest research and clinical approaches.

Over the course of two days, we will explore cutting-edge topics through keynote lectures, interactive workshops, and discussion rounds.

Join us to engage with leading specialists in the field, expand your network, and discover new perspectives in the diagnosis and treatment of complex rheumatologic diseases.

We look forward to welcoming you to this exciting event and to the opportunity to advance our shared understanding of these challenging conditions.

Valentin S. Schäfer M.D.
University Professor
Head of the Department of Rheumatology
Clinic of Internal Medicine III
